

MINIQUEST T

About the QUEST series

Designed especially for R&D and pilot scale batches, our QUEST series helps you generate tangible data, so you can establish process parameters quickly and accurately, and be confident scaling up your batches.

About the MINIQUEST T

A tabletop tablet coating machine for future-ready pharmacists, MINIQUEST T is a direct result of ACG's pledge to bridge the gap between academia and industry expectations. This much-needed plug-and-play equipment gives students a hands-on contextual experience of coating machines, and requires minimal training.

Applications

Tablet coating

Features	Benefits
Separate venturi blowers for inlet and exhaust air	Helps to maintain negative pressure in the system, controlling differential pressure (DP) precisely across the drum
Integrated peristaltic pump	Ensures compact housing for optimised footprint
Needle-free Schlick nozzle	Ease of handling and excellent process results Helps in easy scalability
User-friendly control system	Simple and intuitive to operate

Technical specifications

MINIQUEST T		
Working capacity	Min	0.2l
	Max	0.7l
