

PHARMACEUTICAL CAPSULES

ACGcaps™ HR

C CELLULOSE

Make it better.

A flexible multi-purpose HPMC capsule.

ACGcaps™ HR is a versatile immediate-release capsule made with cellulose and offering excellent humidity and heat resistance. Providing an alternative for vegan and vegetarian patients, ACGcaps™ HR is manufactured in compliance with global regulatory standards, ensuring quality and safety.

Key features

- / Compatible with a wide range of formulations (including hygroscopic and moisture-sensitive ingredients) allowing for diverse product development
- / Demonstrates excellent stability in storage under a broad temperature range, preserving the integrity of encapsulated content
- / Withstands cross-linking as there is no available amino acid chain to react with aldehydic moieties present in drug substances or excipients
- / Free of animal products and common allergens, making it suitable for vegans, vegetarians and individuals with dietary restrictions or sensitivities
- / Maximises yield on high-speed filling machines
- / Possesses high mechanical strength and excellent machinability

Technical specifications

- / Moisture content: 3.0% to 8.0%
- / Disintegration time in water at $37 \pm 2^\circ\text{C}$: maximum 15 minutes (with guided disc)

These certifications are applicable to certain colours and / or variants.
